## DUMMIES MAY BE USED IN ENTRIES

Judge Gilbert So Declares in  
Stuenenberg et al Land  
Conspiracy Case

## CONSERVATIONISTS ARE AROUSSED OVER DECISION

Gov. Pardee Declares Ruling  
Defeats Law and Puts  
Premium on Fraud

SAN FRANCISCO, Feb. 20.—Con-  
servatismists are aroused over the  
decision by Judge Gilbert of the Fed-  
eral Circuit Court of Appeals in the  
case of the Barber Lumber Company,  
former Governor Frank Stuenenberg,  
of Idaho, and others, for alleged con-  
spiracy to defraud the government  
of large timber tracts in Idaho.

Judge Gilbert's decision practically  
allows the use of dummy entries  
by the corporations. This use is lim-  
ited only by a proviso that the cor-  
porations must know their entries  
are not fraudulent.

Judge Gilbert's decision came as an  
affirmation of the Federal Circuit  
Court's decision in connection with  
the filing of the application of two  
hundred and ten entries on the  
Boise Basin, Crooked River and  
other lands in Idaho in 1901-2. The  
government, after investigating the  
entries, filed proceedings against Sum-  
ner G. Moon, William Sweet, John  
Kinkaid, Louis M. Prichard, Patrick  
H. Doves, Albert E. Palmer and Hor-  
ace S. Rand in which they were  
charged with conspiracy to defraud  
the government by conspiring with  
Stuenenberg et al to gain unlawful  
entries by the use of dummies. The  
Federal Circuit Court decided in fa-  
vor of the Barber Company and dis-  
missed the government's complaint  
on grounds of insufficient evidence to  
connect the men named with con-  
spiracy. The government then ap-  
pealed the decision, Judge Gilbert's  
decision being the result of the appeal.

**Pardee Scores Decision**  
OAKLAND, Feb. 20.—Commenting  
on Judge Gilbert's decision, ex-Gov-  
ernor Pardee, the conservation leader,  
said:

"The decision puts a premium on  
the spoliation of public lands by  
fraudulent practices, and defeats the  
purpose of the law. It encourages  
the acquisition of large tracts by a  
few people."

## LUMBER RATE MUST TUMBLE

Interstate Commission Cuts  
Hardwood Freight to 80  
Cents a Hundred

WASHINGTON, Feb. 20.—A freight  
rate of eighty cents per hundred on  
hardwood lumber from central freight  
association territory to Pacific Coast  
terminals has been prescribed by the  
Interstate Commerce Commission.

The existing eighty-five cent rate  
was attacked by the manufacturers.  
Today's order is directed against all  
transcontinental lines. The railroads  
are required by the order to furnish  
shippers with cars of the desired di-  
mensions within six days. If larger  
cars must be furnished, the freight  
charges must be based on the unit of  
the smaller car.

## COLOMBIA ROW WAS CONFERENCE TOPIC

Archbishop Ireland May Take  
Hand—Knox Will Not be  
Colombia's Guest

WASHINGTON, Feb. 20.—An inter-  
view between Archbishop Ireland and  
President Taft at the White  
House last night led to a report that  
high church officials in the country  
sympathize with the efforts of the  
Colombia government to obtain ar-  
bitration and were seeking to smooth  
out difficulties between the two coun-  
tries.

Secretary Knox will not visit Co-  
lombia during his tour of the coun-  
tries bordering on the Caribbean un-  
less specially invited by the Colom-  
bian government, according to an an-  
nouncement made by Acting Secre-  
tary Huntington Wilson last night,  
who also said he thought such an in-  
vitation unlikely.

Senor Ospina yesterday disclaim-  
ed any intention of insulting either  
the United States or Secretary Knox  
by his notification to the State De-  
partment that a visit to his country  
by the secretary would be "inopportu-  
ne," but reiterated that he thought  
the trip "inopportune" because the  
citizens of Colombia are aggrieved  
because their country is the only one  
with which the United States refuses  
to enter into a treaty of arbitration.

## COMPENSATION FOR WORKERS FAVORED

President Taft Sends Message  
to Congress Embodying  
Recommendation

## SAYS EMPLOYEES SHOULD INSURE AGAINST HURT

Leaves Details of Provisions of  
Compensation Plan to  
Commission

WASHINGTON, Feb. 20.—In a spe-  
cial message to Congress today, Presi-  
dent Taft recommends a compensa-  
tion to railway employees for accident  
injuries, such payment to be fixed  
in accordance with a positive scale  
recommended by the Employers Li-  
ability and Workmen's Compensation  
Commission.

The President declares the theory  
of the commission is that each em-  
ployee must be insured against injury  
sustained in his work without refer-  
ence to contributory negligence, and  
without a common-law limitation on  
the employer's liability. The mes-  
sage reads:

"The details of the measure have  
been admirably worked out. They  
provide medical hospital service for  
the injured men, and notice of injury  
to be sent to the employer where such  
notice is not obviously given by the  
accident itself, and the fixing of com-  
pensation by agreement.

"The amount of recovery is to be  
regulated in proportion to the amount  
of wages received and the compensa-  
tion is to be made in the form of an-  
nual payments for a fixed number of  
years or for life.

## ORANGE SHOW OPENS AT SAN BERNARDINO

Invaded Today by Redlands  
Boosters—Thousands At-  
tend Big Show

SAN BERNARDINO, Feb. 20.—  
Redlands boosters in a procession  
of one hundred and fifty automobiles  
headed by an auto truck carrying the  
Redlands Band, stormed the National  
Orange Show today. Every person in  
the procession was armed with a  
pennant, which was waved through the  
streets. Special exercises were held  
at the Redlands exhibit and two hun-  
dred boxes of oranges were distribut-  
ed.

**Show Opened Last Night**

The National Orange Show made  
its golden salute to California at  
7:30 last night.

Eight thousand participated in the  
opening which came with a burst of  
fireworks and the illumination of the  
entire city with thousands of vari-  
colored lights.

C. M. Grow, president of the Na-  
tional Orange Show committee, was  
the master of ceremonies. Mayor J.  
S. Bright welcomed the visitors to  
the city. E. D. Roberts, state treas-  
urer, represented Governor Hiram  
W. Johnson, who is in the East. Mr.  
Roberts' home is in San Diego. John  
S. Gardner of Watsonville, represent-  
ed the California Apple show. Tele-  
grams were received from President  
C. C. Moore of the Panama-Pacific In-  
ternational exposition of San Fran-  
cisco, the California-Panama expo-  
sition of San Diego, and many promi-  
nent men in various parts of the  
state.

**Three Million Oranges**  
With this brief ceremony the Na-  
tional Orange show, displaying near-  
ly three million oranges and lemons  
from every section of the state, as  
a mere sample of California's great  
\$20,000,000 golden fruit crop, was  
formally declared opened for a pe-  
riod of six days, during which time  
100,000 visitors are expected to re-  
view its display. The exposition  
covers an area of about five acres  
besides the space occupied by the  
show grounds and the many conces-  
sionaries along the streets.

CONSTANTINOPLE, Feb. 20.—

lioration of the Graeco-Bulgarian  
relations, have excited the Young  
Turks.

Britain has promised the Porte to

## RESPONSIBILITY ON POOLROOM KEEPER

Trustees Propose Section That  
May Keep Minors Out of  
the Places

## FRANCHISE NOTICE WENT OVER WEEK

Petition for \$1000 for Band  
Concerts Denied—Will  
Help Get Bridge

The City Trustees have taken a  
new tack in the handling of minors  
in their relations to poolrooms. It is  
a tack that seems likely to get the  
ship somewhere.

The present city ordinance makes  
it a misdemeanor for a minor to be  
in a poolroom. The proprietor has no  
responsibility in the matter. Last  
night City Trustee McPhee proposed  
a new section to the ordinance which  
when passed will put the responsibil-  
ity not only on the minor but even  
more so and in much severer terms  
on the proprietor or his employee who  
allows a minor to stay in the place  
of business.

The old law has not worked well.  
Raids have resulted in arresting a  
good many youths of the city, and the  
fine has been \$3 each. The enforce-  
ment of the law seemed not to stop  
the practice.

Last night at the board meeting  
City Clerk Burke read the new sec-  
tion, which makes it a misdemeanor  
for any proprietor or employee of a  
poolroom or billiard hall to allow any  
minor to play or loiter in the place  
of business.

The fine on first conviction for  
the proprietor or employee shall be  
\$25, and on second offense the license  
of the place to conduct the business  
shall not be revoked, the proprietor  
to be given a hearing by the city  
trustees before the license is revoked.

"The ordinance we now have does  
not cover the ground," said McPhee.  
"It makes the minors only responsi-  
ble and we know that they generally  
are irresponsible. I proposed this  
new section to the ordinance. I am  
told that there are three poolrooms  
of this city that rather invite the  
patronage of boys. The city marshal  
is ready to give you the names of  
those places if any of you want  
them. There are other poolrooms  
that do not allow minors in their  
places, and this law will not trouble  
them in the least. In the last week  
several minors have been arrested,  
and one or two of them have been  
arrested twice. I am not a rabid re-  
former, but I think that it is time  
that we place the responsibility  
where it belongs."

The section met the approval of all  
the trustees who discussed it, and it  
was passed for first reading. This  
law will not be in effect until about  
six weeks from now.

**Pay for Advertising**

G. W. Minter for the Chamber of  
Commerce presented a proposed con-  
tract for a special number of the Ar-  
rowhead Magazine, with 5000 book-  
lets, the magazine to be distributed  
by the Salt Lake railroad. The cost  
is \$500.

A letter was read from D. W. Mc-  
Donald, stating that there is need  
of Santa Ana literature in the Los  
Angeles Chamber of Commerce.  
Grubb moved, McPhee seconding,  
that the city appropriate \$500 for the  
purpose. Alderman said it would be  
poor policy to accept the contract  
without further investigation. He  
said it would be poor policy to do-  
nate this sum to a railroad that does  
not touch Santa Ana.

McPhee, Greenleaf and Grubb vot-  
ed aye, and Alderman and Ey no.

**Ho! For the Bridge**

John Beatty for the M. & M.  
brought up the proposal to straighten  
Bridge Seventeenth and to put a  
bridge there across the Santa Ana  
river. H. C. Kellogg asked that the  
city trustees do all possible to put  
the street straight west across the  
Maybury tract, and join with the M.  
& M. in petitioning the supervisors  
for the new bridge. Kellogg said  
there is more than enough left over  
from Fifth street bridge to build the  
new bridge, excepting the concrete  
bridge. Kellogg said that even on  
condemnation the right-of-way would  
not cost over \$700.

McPhee moved that the trustees  
endorse the proposition, and the mo-  
tion carried.

Kellogg said sixty-five residents  
had petitioned the supervisors for  
the bridge.

Alderman, Greenleaf and Ey were  
appointed as a committee to see the  
property owners and procure a right-  
of-way.

**Committee Reports**  
McPhee, as chairman of a com-  
mittee, stated that the supervisors  
had granted a right-of-way for a  
sewer line from Santa Ana over a  
course along county roads. The mat-  
ters were made of record with the

## THE WHOLE TRUTH ABOUT THE CONGRESSIONAL SITU- ATION IN ORANGE COUNTY

Last summer, when the political pot began to bubble—and really got  
to boiling, so far as the congressional situation was concerned—frequent  
inquiries came to leading progressive Republicans in this county as to  
whether Orange had a progressive candidate for congress, and if not how  
would progressives here view this, that and the other candidacy.

Inquiry and consultation here failed to find any available progressive  
candidate.  
It seemed to be good policy and good principle, good politics and  
good business, to try to find out who was the ablest progressive Republi-  
can in the district available as a candidate for congress, and for the  
progressives to unite, as far as possible, in his support—this in order to  
prevent a division of progressive forces, which would, likely, result in the  
nomination of a reactionary candidate.

Riverside at that time had two tentative or receptive candidates—E.  
P. Clarke, editor of the Riverside Press, and Francis Cuttle, president of  
the Riverside Water Co. Mr. Clarke announced in his paper that he  
would not be a candidate, and in a strong editorial endorsed the candi-  
dacy of Mr. Cuttle.

Orange county progressives were urged to unite with Riverside in  
the support of Mr. Cuttle.

Mr. Cuttle was known personally by many of the leading men in this  
county, and everybody with whom his candidacy was discussed seemed  
to regard it with favor. A meeting of progressives was called at Fullerton  
the latter part of August for a conference on the congressional situa-  
tion. Those who attended from Santa Ana were A. J. Crookshank, E.  
E. Keech, Dr. C. D. Ball, John Beatty and J. P. Baumgartner. About  
twenty-five or thirty Fullerton, Anaheim, West Anaheim and Placentia  
progressives were in attendance. Harry Hale of Placentia acted as chair-  
man and H. V. Weisel of Anaheim as secretary. The whole situation was  
gone over carefully, and there seemed to be a unanimous sentiment in  
favor of endorsing Mr. Cuttle's candidacy. It was felt, however, that the  
situation was not then sufficiently developed to warrant an unconditional  
endorsement of any man. So the following resolution was unanimously  
adopted as expressing the sense of the meeting:

Moved by Baumgartner and seconded by Evans that it is the sense of  
this meeting that Orange county progressive Republicans unite with pro-  
gressive Republicans of Riverside county in support of the candidacy of  
Francis Cuttle for congress.

Provided, that we reserve the right to throw our support to some  
other progressive Republican if it shall develop that Mr. Cuttle is not, as  
he now appears to be, the best and most available candidate.

The men who attended the Fullerton meeting and adopted the fore-  
going resolution are among those who have given their time, money and  
ability freely to the cause of progressive Republicanism and popular gov-  
ernment in Orange county. Not one of those in attendance, so far as  
we can now recall, has ever been a candidate for office or sought in any  
way to benefit personally by his political activity.

**Francis Cuttle—Who and What**

Mr. Cuttle is about 45 years old. He is president of the Riverside  
Water Co., chairman of the Tri-County Reforestation Association (Riv-  
erside, San Bernardino and Orange counties), member of the State Con-  
servatism Commission. He has never held any salaried political office.  
He was chairman of the progressive Republican campaign committee  
which won the great victory in Riverside county for Governor Johnson,  
and captured the entire local man and a successful orange grower. His  
personality is pleasing and forceful. His experience and training have  
been such as to qualify him for public service. It is doubtful if a better  
man for congress could be found in the district.

## U. S. SUPREME COURT UPHOLDS INITIATIVE AND REFERENDUM

WASHINGTON, Feb. 20.—In a vig-  
orous and unanimous opinion hand-  
ed down by Chief Justice White, the Su-  
preme Court of the United States  
yesterday declared that the federal  
government has no right to deny to  
the states the right to incorporate  
the initiative and referendum into  
their constitutions, holding that such  
action is purely political and that  
such a denial would be "an uncon-  
ceivable expansion of the judicial au-  
thority and the ruinous destruction  
of the legislative authority in such  
matters."

The decision, in the opinion of  
Washington advocates of the initia-  
tive and referendum, opens the way  
for its spread to all the states east  
and west and will give it an impetus  
that will eventually cause it to  
sweep over the Mississippi and to  
the Atlantic seaboard.

This matter came before the Su-  
preme Court in the case of the Pa-  
cific States Telephone Company of  
Oregon against the state. Oregon  
adopted the initiative and referen-  
dum into her constitution in 1902. A  
2 per cent tax on the franchise of  
the telephone company was voted by  
the people, and in resisting this tax  
the telephone company held that the  
initiative and referendum, in giving  
a state a government by pure dem-  
ocracy, was in violation of article 4,  
section 4, of the constitution, which  
guarantees to the state a republican  
form of government.

This contention was made in six  
divisions. All were swept aside by  
the decision as trivial, save the one  
that was dealt with in the opinion.

few visitors, devoting the morning

lumbus speech, to be delivered to-  
morrow. John Temple Graves, the  
Heard editorial writer, and Col. W.  
Liam R. Nelson, editor of the Kansas  
City Star, called. He declared their  
visits were of no political signifi-  
cance.

Col. Roosevelt starts for Columbus  
at 6 o'clock tonight in a special car  
on the Pennsylvania line. He is due  
in Columbus at 10 o'clock tomorrow  
morning, and starts on his return  
five hours later.

## SEC. WILSON DEFENDS SELF

Denies Authorship of Widely  
Circulated Everglades  
"Ad" Letter

## LETTER WAS ISSUED BY EXPLOITATION COMPANY

Purported to Contain Wilson's  
Favorable Opinion as to  
Everglades Land

WASHINGTON, Feb. 20.—Secre-  
tary of Agriculture James Wilson has  
denied the authorship of a letter  
widely circulated by the company ex-  
ploiting the Florida everglades. The  
advertisement headed "Secretary  
Wilson's Opinion" contained a letter  
in part as follows:

"There is nowhere in the United  
States, in fact in the world, so large  
a body of land that will, when drain-  
age is completed, be so valuable as  
the once despised everglades."

The letter continued:  
"Between three and four million  
acres of rich alluvial lands are locat-  
ed in a climate that is almost per-  
fection, where all crops can be grown  
the season through, and where there  
are no long, cold winters, no heat in  
summers and no malaria or other dis-  
eases."

Secretary Wilson declared that he  
had no recollection of writing such  
a letter, although he frequently had  
to guard against his name being  
used unadvisedly. "It is common to  
find my name, or Dr. Wiley's, used  
without authorization," he explained.

## MANCHU OUTBREAK SEEMS IMMINENT

PEKING, Feb. 20.—Manchuria re-  
ports say the anti-republican agita-  
tion is growing, and an actual out-  
break by Manchurian adherents is im-  
minent. It is reported that Japan is  
secretly sending soldiers in citizens'  
clothing to aid in fortifying Tiel-  
ling.

**BRIGANDAGE REIGNS IN**  
**VICINITY OF MACHENG**

TIENTSIN, Feb. 20.—The district  
in the vicinity of Macheng, one hun-  
dred miles in the interior, which has  
been besieged by brigands for more  
than a week, has been sacked, ac-  
cording to reports here. Scores have  
been reported as killed near the city,  
and none ventures outside the walls  
without an armed escort.

More than one thousand outlaws  
have been beheaded in the last two  
months, but four thousand are still  
pillaging the country. Conservative  
reports say that seventy travelers  
were killed last night within ten  
miles of Macheng.

**UPRISING MENACES NEAR**  
**MUKDEN—CABINET ALARMED**

LONDON, Feb. 20.—The Pekin cabi-  
net is alarmed over reports of a se-  
rious uprising which is threatened in  
the district around Mukden, Manch-  
uria, according to a Pekin dispatch to  
the Daily Telegraph.

To add to the alarm of the cabinet,  
there are further reports that the  
Japanese authorities in Manchuria,  
contending that China is now with-  
out a government, are secretly dis-  
patching Japanese troops in plain  
clothes to assist the bandits to oc-  
cupy and fortify Tieling, north of  
Mukden.

In deference to Japan's formal pro-  
test, says a Tokio dispatch to the  
Times, the Chinese forces, both insur-  
gent and regular, are withdrawing  
from the neutral zone in southern  
Manchuria.

## CLOSER UNION WITH VENTURA

Visiting Apricot Man Held  
Meeting Yesterday with  
Local Association

Mr. C. C. Jewell, manager of the Ventura County Dried Fruit Association, was a guest yesterday at a meeting of the board of directors of Orange county's association. This was by pre-arrangement, in order that the associations may get into closer touch with each other. He reports a hopeful outlook, with the season for apricots demand in the United States lasting until the middle of June and practically all of it yet ahead. He mentioned the fact that lower quotations made by Orange county packers proved an injury in the market, the same carload being offered in perhaps a dozen markets. This is fruit sold by some scared outsider at 12 cents or less, and upon them primarily rests the responsibility for the injury worked to the associations in the market. What fruit there is left on the outside in Ventura county is held firmly by its owners, most of whom are large holders.

A move was started at this meeting looking toward a close union for the future, and this it is hoped to accomplish before the next season. It is expected that this will be the start for a union with the northern counties, and that it will stimulate the forming of associations in districts not yet organized.

The foreign market this year has had only about one-third of the amount it had last year. Its season of demand, especially for northern Europe, is practically all the year round, and there is good reason to believe that if the American market should fail to clean up the crop, Europe will take all it can get at a fair price to the grower. While there is good reason for the exercise of good judgment and patience, there is no reason for any panicky feeling on the part of growers. A continuance of the drought will greatly injure the outlook for a good crop the coming season, but it will work out well for the growers who are still holding.

The meeting resulted in a closer understanding between the two associations.

J. G. BERNEIKE, M. D.  
Corresponding Secretary.

## TAKEN IN BY MEERSCHAUMS

Smooth Hobo Worked the  
Trick at Newport Beach—  
Trustees Meet

Newport News: A smooth hobo has been in the city lately disposing of artificial meerschaum pipes at a good price. Col. Case, Charley Gray, Walter Trickey and Charley Grau are four of his victims.

The pipes are large and finely colored and have the appearance of pipes costing about \$20 apiece. The hobo put up a hard luck tale to each of his purchasers and got all the way from \$2.50 to \$8.00 apiece for the pipes. The imitation is so clever that it is possible that the purchasers would still be hugging the delusion that they obtained bargains had it not been that the pipes were all of an eagle claw design and all exactly alike. Two of the people stung happened to meet smoking the pipes, which caused the investigation.

**City Trustees**  
All four of the eligible members of the board of trustees and City Attorney Bishop were in their chairs at an adjourned session of the board held Tuesday evening.

The main object of the meeting was to pass the election ordinance and to decide on the matter of disposing of the reservoir belonging to the Newport Beach Water Co. A lengthy report was read from Engineer Kellogg advising that the reservoir be sold. It then appeared that the only thing for the board to do was to close the deal when Water Superintendent McMillan arose and said that Mr. Townsend had withdrawn his offer so the city will now have to keep the storage tank.

The Collins Commercial Co. presented a request for a refund of \$116 on a \$216 water bill which was allowed before the city attorney arrived. Upon Mr. Bishop's arrival City Treasurer Wallace asked if he would have a right to cash the demand upon the city for the amount. Mr. Bishop then inquired into the case and found that the water used through a meter on this side of the island, after which the responsibility of the city ended. The pipe leaked on the other side of the meter and the water was lost. Mr. Bishop then ruled that it was not the fault of the city and that the bill must be paid for the full amount of the water that passed through the meter. A motion to reconsider the action of the board then carried and Trustee Collins himself made a motion that the claim against the city be disallowed, which carried.

The gambling ordinance came up for final passage but the claim was made that it was too strict as it did not allow the shaking of dice or playing of cards for cigars and it was referred back to the city attorney for revision.

The first ordinance was amended so as to make the department consist of 24 instead of 15 members.

President Smith said that the seat on the board once occupied by Trustee Lester should be declared vacant, but upon Trustee Barton's remonstrance that it was getting rather late in the term to put a man in the place the matter was dropped.

A vigorous discussion of the matter of bringing the road up to grade between the river bridge and the city was entered into. It was finally decided to advertise for bids on the work.

Street Superintendent Hermes reported that the Orange County Improvement Association stood ready to quit-claim to the city all of the beach front now claimed by that company lying between the wharf and Thirtieth street, if the city would maintain a playground on the property. Trustee Barton and Mr. Hermes were appointed a committee to close the deal with the company.

**Oil Prospects**

## FIND INTEREST ON UP GRADE

The Wednesday Evening Meetings of Y.M.C.A. are Proving Very Successful

The Wednesday evening meetings of the Santa Ana Y.M.C.A. seem to be filling a place in the life of the young men. Only two meetings have been held, but the interest is growing and the attendance is increasing.

Last week Rev. Seecombe and J. A. Cranston were the speakers. After the regular program those present voted to make it a regular part of the evening's program to remain for the next hour and continue with other features, including social and educational features. S. Warren Douglas, former county secretary of Orange county, was present and spoke. Every one present took some part in the meeting and unknown young men were brought out. These meetings are open to any man above 16 years of age, whether a member or not. The plan of meeting for supper at the Cafeteria on North Main street is being carried out by a number, while others come directly to the south parlor of the First Presbyterian church, where the meetings begin at 7 o'clock. The second part of the program begins at 8 o'clock and will contain much of interest.

This week Wednesday the meeting will be known as High School night and Prof. J. A. Baker will teach the lesson for high school boys, and six high school leaders, boys and teachers, will talk on the relation of the Y.M.C.A. and the high school.

At 8 o'clock the second part of the meeting will be taken up with a debate: "Resolved, That the employed young men of Santa Ana need the Y.M.C.A. more than the high school boys." The affirmative will be supported by Loren Mead, C. H. Chapman, and Mr. Shallenberger, while the negative will be taken by three high school boys. All are invited.

The membership of the Y.M.C.A. has reached the total of 130. All interested are invited to join.

# SECOND SPECIAL OFFER CAUSES "LAWSON BOOM"

Over 100,000 Votes Were Jammed Into the Ballot Box Yesterday and Excitement Soars Skyward as Candidates Leap Into the Firing Line for a Fourteen Day Battle for Extra Votes.

MRS. C. C. RAMSEY  
Photo by Hickox.

The Register's second special offer which went into effect yesterday, has started with a rush and resembles a "LAWSON BOOM" on Wall Street. The public as well as a few of the candidates thought that the contest department was only "fooling" when it said that vote values would drop.

**It Will Be Close**  
The candidates are evenly matched and the contest will therefore be close. Now is the time to redeem every promise; to avail yourself of every resource, to marshal your forces for a final rally that will decide the question for you in this campaign for the Register's E-M-F. Touring Car.

There are no "Rip Van Winkles" in the Register's ROLL OF HONOR. They are all hustlers from the first on the list to the very last. Don't flatter yourself that you have enough votes to win; that a few subscriptions turned in on the last day will make you a winner. If you have them already you could not turn in enough to win, because there will be enough subscriptions turned into the contest department between now and the final day of the campaign to make your votes worthless unless you keep steadily at it. Keep up the pace that you have started and you'll be in the running good and strong when the last ballot is polled. Therefore we counsel you to do your BEST RIGHT NOW when the big special vote offer knocks at your door.

You cannot get too many votes, and if you attempt to figure "How many votes it will take" you'll be doing the figuring while your energetic

competitor is writing out receipts and the result is that you will fail to get enough.

**Nominations Closed**  
There will be no "hidden" candidates in the Register's contest. Nominations are declared closed, and those who are not already in the race for the Register's valuable prizes will not be allowed to enter.

In order to curtail space the contest department will not publish names of candidates who are not in the ROLL OF HONOR. The names of those candidates who have not reached the 75,000 vote mark will not be published again until such time as they accumulate enough votes to enter the ROLL OF HONOR ranks. All that you need to enter the ROLL OF HONOR is the difference between the number of votes last published for you and 75,000 and your name will go into the line of hustlers.

**Today's Count**  
Over 100,000 votes were polled yesterday for the ROLL OF HONOR candidates and excitement is soaring high for first honors.

Mrs. C. C. Ramsey is leading every candidate in the race for the big E-M-F. Touring Car with a grand total of 138,725 votes.

Mrs. Leslie J. Swope of Anaheim now holds second position. Mrs. J. H. Harvey is in third place.

Thirteen candidates have passed the 100,000 vote mark and a new leader may appear at any time. The difference between the leader of today and the lowest candidate in the ROLL OF HONOR means only a few yearly subscriptions secured during the present special offer.

Every ROLL OF HONOR candidate should put forth her best efforts during this offer, as votes will be considerably lower than the present scale after Saturday night, March 2nd.

city clerk. The easement was accepted.

City Attorney Heathman asked for the report of the committee appointed to investigate the ordinance on acceptance of streets. McPhee said that since the city attorney is in a hurry, the committee would try to report at the next meeting.

Owing to the fact that a map had not been signed, any further step in making East Twentieth street uniform width had to be delayed. The matter will be finally disposed of at the next meeting.

On McPhee's motion, the board decided to put in three arc lights on West Fourth between Flower and Baker streets to take the place of four tungsten lights. The west light will be at Baker street. On McPhee's motion it was decided to put two arc lights on East Fourth, one to be at the lumber yards.

**Band Concerts—No**  
A petition for \$1000 for band concerts in Birch Park, signed by 159 persons, was read. Greenleaf moved that the petition be denied. McPhee seconded and the motion carried.

Property owners on Gardfield street, west side, between First and Fourth streets, petitioned for a cement sidewalk and curb. The petition was referred to the street committee.

A. B. Gardner's petition to remove two acacia trees on East Third street was referred to the street superintendent with power to act.

The petition of W. G. Wells to put up a corrugated iron building at the county hospital was granted.

Grubb stated that the work on Main street bridge and Hannah street bridge has been completed and the bridges are in fine shape.

A resolution ordering work in the district known as the Artesia Sewer District was passed on first reading. This is another step in laying sewers in the section bounded by a line 125 feet outside of First, Baker, Fifth and Artesia streets.

**Franchise Affair**  
The notice of sale of a franchise for telephone and telegraph wires on the streets of Santa Ana, with the right to do business, was read. This notice was the one prepared on agreement with the Pacific Telephone & Telegraph Co., which proposes to bid for and buy the franchise. All the provisions of this proposed franchise were made public last week. March 18 Dis the date set for the sale.

The trustees passed a resolution to the effect that the applicant shall stand the cost of advertising the franchise matter, and shall furnish a cash deposit to cover this expense.

The city attorney stated that as soon as the notice of sale is advertised the city must accept the highest bid. It can't reject all bids. Manager Morrow of the telephone company said Orange has added a clause giving the right to reject any and all bids. If there is any doubt about the matter or the likelihood of getting a sufficient bid, the telephone company would put up its money in advance.

Alderman said he could see nothing in the law to prohibit a clause

## GOOD SAMARITAN IS MISUNDERSTOOD

Orange News: Ed, Chapman, the good-natured laundryman, had an experience yesterday which he holds evidence of the fact that this is a world of compensations.

Ed was bringing home his empty motor delivery wagon after taking some laundry to Fullerton. A short distance this side of the town he spied two bales of hay, worth on a rough estimate, \$100 per bale. Down the road, far ahead, he saw the wagon from which they had fallen, the driver, a good fellow, Ed decided to load up the hay and overtake the wagon.

He got down and tackled the bales which were green alfalfa. Lifting your daughter's first pan of biscuits would be child's play to juggling those bales. Ed got the help of a boy and struggled with the hay, the while a string of beads gathered on his beneficent brow.

Meantime an automobile had passed, overtaken the driver of the wagon, and bore down him news of his loss. He turned about and came back rapidly.

The owner of the hay took in the situation at a glance. Ed thinks his faculties had been sharpened by association with sundry bar-keepers. "Say, you tryin' to steal my hay, you?" (Omissions represent

words which Ed couldn't recall with exactitude.)

Ed gazed sorrowfully upon the countenance of the pugnacious one. So this was the reward of virtue. "No," he said, "I wasn't going to steal it. I was just going to put it in my box and unhitch my automobile and give it a feed. Get down and I'll help you put it up on the load."

The driver apologized and got down. The three had succeeded in getting the bales back when an automobile, sailed by. The big team took fright, whirled into the orange grove beside the road and fled, spreading hay bales in the four directions, while every third bale popped open as it struck.

Ed wearily cranked the self-starter and climbed in. "I'd probably get licked if I stayed to help," he soliloquized, as he took up the perilous journey toward the Mother Colony.

## PROGRESSIVE PRINCIPLES

"California is progressive, and is pledged by overwhelming majorities to the underlying principles that the government belongs to the people, and that the people shall rule. We are more concerned in these principles than in the success or election of men."

These words of Gov. Johnson, in his statement announcing his support of Roosevelt, characterize with force and exactness the situation in Orange county.

But in order to enforce progressive principles we must secure as candidates—at least for legislative offices—only those who are known to endorse and practice progressive principles; men who are aggressively progressive.

Nothing would suit the reactionaries better than to see the Republic ticked made up of pseudo or passive and innocuous progressives—in fact the reactionary plan of campaign; especially where they are weak, where they have no chance of winning with acknowledged reactionary candidates.

This is a danger against which progressives must guard with armed and eternal vigilance.

## MR. EVANS HAS THE FLOOR

Former Mayor Evans of Riverside seems to be seriously proposed as a candidate for congress from the Eleventh district; and while he has not as yet announced himself, there is no doubt that he is more than a receptive candidate.

Judging from the guarded terms in which his candidacy is presented, both by person and by press, the natural and almost inevitable conclusion is that Mr. Evans is proposed as a "plain Republican"—that is, that he is not to be politically characterized either as "progressive" or "reactionary"—in other words his case of "good lord, good devil."

Mind you, we do not say Mr. Evans assumes this attitude. Perhaps when he announces himself—if he ever does—there will be no ground for the question, "Under which King, Bezonian?" Perhaps even now Mr. Evans is praying to be delivered from his fool friends.

Certainly if Mr. Evans is a progressive and intends to run as a progressive the apparent parentage and presentation of his candidacy are all wrong. If he is a progressive he will have several unpleasant jobs on his hands like that Gov. Wilson had at the editorial office of Harper's Weekly.

## WOULDN'T THAT BE NICE!

Yes, wouldn't it be nice for the progressives to sit around like a knot on a log and let the reactionary leaders, through secret and traitorous agencies, get half a dozen progressive and near progressive candidates in the field—for congress, for instance, while the said reactionaries, closely organized and working secretly, concentrate on—say, Col. Collier, of San Diego, for instance.

Surest thing you know! Easy, too. Just pick out three or four personary popular and deserving men, one from each of the large counties in the district, and get them in the race. And be sure to have one or two middle-of-the-roads—men of the near-progressive, near-reactionary brand—at least one of whom can be kept in the race by making him believe he can get the full support of both factions.

There, now! We've got 'em all ripped up the back, and we'll plump our votes solid for our man and land him just as easy as easy.

# "MOB RULE" TALK FROM MEN HIGH IN PUBLIC AND PRIVATE PLACE IS VERY DISQUIETING

From the Pasadena Star—Not a Pronouncedly Progressive Paper  
The Star confesses that it is not pleased to account for the almost hysterical utterances of three eminent men on the same day, each picturing a lurid vision of red revolution and chaotic mob-rule about to descend upon this country. President Taft, in his New York speech on Lincoln Day, berating the "progressives" of his party, said:

"Such extremists would hurry us into a condition which could find no parallel except in the French Revolution, or in that bubbling anarchy that once characterized the South American republics."

Judge E. H. Gary, chairman of the directorate of the United States Steel Corporation, addressing his fellow-magnates at a banquet, admitted that great aggregations of capital had not dealt fairly with the people and predicted a revolution in the United States soon if something were not done for the betterment of humanity.

Dr. Harvey W. Wiley, government chemist and pure-food exponent, chimed in with Judge Gary, prophesying a revolution by underpaid and underfed Americans. "Unless something is done to alleviate the conditions of unrest in this country, mob rule is bound to come," lugubriously asserts Dr. Wiley.

With all due respect to these three men of eminence, the Star takes no stock whatever in their lurid prophecies. President Taft spoke in the heat of passion in denouncing his political enemies. The American people—the masses of the solid, substantial, lever-headed commonsense, average people—will only laugh at the suggestion that men like La Follette, Cummings, Bristow, Roosevelt, Governor Hiram Johnson of California and other sturdy "progressive" leaders, are steering this country into a second French Revolution or a reign of anarchy and terror such as formerly existed in South American states. This is too absurd to call for refutation.

Congressman Norris of Nebraska, has well met the prophecy of revolution that came from Judge Gary. He points out that the very fact that representatives of great aggregations of wealth, like Judge Gary, realize the public dissatisfaction over existing political and economic conditions and realize that the conditions complained of must be reformed—this

## GOV. JOHNSON IS IDEAL MAN FOR SECOND PLACE ON THE REPUBLICAN NATIONAL TICKET

FROM THE PASADENA STAR.  
In urging, editorially, several months ago, the progressive Republicans of California to strive for the nomination of Governor Hiram Johnson for vice president this year, the Star did so earnestly believing that no stronger man could be found for second place on the national ticket. Time has but confirmed this belief. The star is pleased to note that a definite movement looking to Governor Johnson's nomination has been launched. Whoever may head the ticket, Governor Johnson, as the vice presidential candidate, would solidify and make certain the support of the West for the national ticket, as well as appeal strongly in every state where progressive sentiment has gained a dominant foothold.

Governor Johnson's strength does not lie merely in a talismanic term. He is not a mere political puppet tagged "progressive." He has given and is giving California a brilliant, able, successful, useful, reformative administration as governor. His remarkable victory at the polls, after a masterly campaign, challenged the interest of the whole country. He has backed up and bulwarked his progressive attitude by aggressively progressive deeds. The nation has

looked on with surprise and admiration as he inaugurated, true to his every pledge, the kind of government that California should have. He has broadened and strengthened his prestige by sheer merit of his statesmanlike achievements until today he is a national political figure in his own right. He has been potent in the councils of the leaders of progressive thought. To give him a place on the national ticket would be both logical and wise.

Unquestionably, the predominating sentiment of the rank and file of the Republican party—the rank and file of all parties, for that matter—is intensely and firmly progressive. The Republican party should have candidates and a platform to match its overwhelming sentiment. With a sound progressive named for president and a man militantly progressive, like Governor Hiram Johnson for vice president, a progressive platform would have the breath of life breathed into it and the Republican party would and could win in its strength before the country. The Star hopes to see Governor Johnson's name aggressively pressed for second place on the ticket.

## THIRD TERM DISCUSSED IN OUTLOOK EDITORIAL THOUGHT TO REFLECT ROOSEVELT IDEA

Discussing proceedings in congress relative to an anti-third term resolution, the current issue of the Outlook significantly discusses Col. Theodore Roosevelt's statements in 1904 and 1907 in which the former President refused to again become a candidate. Because of Colonel Roosevelt's connection with the magazine, politicians here think the editorial reflects his views. The editorial says in part:

"Those thinking it unsafe to elect a President for a third term should recall the effect that objections to a third term were formulated against a third consecutive term. A man who leaves the presidency and who is re-elected after four or eight years have elapsed and has not a body of office holders behind him, does not possess the power of patronage but stands on the same footing as any other private citizen."

"In Colonel Roosevelt's specific case it is sometimes said that his statements of 1904 and again in 1907 that he would not accept another nomination would make his acceptance of the nomination this year inconsistent. Whatever Colonel Roosevelt said in 1904 and 1907 referred to a third consecutive term. "Mr. Roosevelt believes that the settled policy of the country makes a third consecutive presidential term impolitic if not improper, but the Outlook has a better appreciation of his intelligence than to suppose that he had in 1904 or has now the slightest idea of defining a third term excepting in the way it has just been defined.

"The situation perhaps can be made clearer by the following home-ly illustration:

"When a man says at breakfast, 'No thank you, I won't take any more coffee,' it doesn't mean that he won't take any more coffee tomorrow, next week or next year."

would be putting it in mild form, for one and all were truly amazed. ### WORKS MAKES FIGHT ON BARTHOLOMEW

Acts on Protests of San Diego Against Reappointment as Postmaster

WASHINGTON, Feb. 20.—President Taft yesterday sent to the senate for confirmation the name of Postmaster Bartholomew of San Diego for reappointment. As Senator Works has given notice that he will oppose confirmation, it is expected the President's action will result in a bitter contest.

Senator Works has received numerous protests against the reappointment of Bartholomew from citizens of San Diego, it being held his conduct has been such as to have compelled certain employees to leave the service.

OPPORTUNITY!  
Do you realize what it means? It is knocking at our doors. Shall we leave them closed?

Land investments in the S-I River Valley, Arizona, watered by the great Roosevelt Reservoir with a capacity of 1,300,000 acre feet. It is the largest dam in America, furnishing water for over 240,000 acres of splendid land, which if it did not rain a drop for three years, would be sufficient to irrigate this vast area. Are we going to take advantage of the opportunity of acquiring some of this land, while the prices are low, or as many of us have done in the past, in a little while say (when prices have become high), if we had done so and so see what we might have owned.

A great deal of this land is under cultivation. In alfalfa that will yield from seven to ten tons per acre, and at present prices one season's crop will nearly pay for the land. The soil is fine silt loam and the land is nearly level, just enough slope to make irrigation easy.

Alfalfa, wheat, barley, oats, corn of different varieties and sugar beets are the staple products of this valley.

Thousands of cattle are fattened here; also sheep and hogs.

Many kinds of fruits do well. Also all kinds of berries.

We have given you only a brief idea of this valley, and would be glad to have you talk it over with us. We have the agency for these lands and have taken it only on our personal investigations of the same; we can describe it so that you will find it just as we represent. We have no desire to encourage people to go away from this country, only that we might be able to help them to get what they want. The government will furnish water for 160 acres only to any one person. The water is ditched to all this land by the government, and is ready for use now. We surely think this better than wasting time on undeveloped arid desert lands, when you have water, several railroads, street car service, good towns, a splendid home market, near the capital of the state with its many advantages. And one of the very best sections of country we have ever been able to secure an agency for. This land is selling fast, and prices are bound to advance. If you are interested it would be well to investigate as soon as possible in order to get the best possible price. We encourage your investigation of our methods, and solicit your patronage.

Respectfully,

Agents for Chandler Ranch.

### CHAPTER BANQUET

Hermosa Chapter, O. E. S., Hostess to Grand Officers; Gala Evening Event

Hermosa Chapter, O. E. S., last night entertained distinguished visitors, Mrs. Lena W. Stannard, Grand Matron of the California Grand Chapter of the Eastern Star; Mrs. Virginia Coate, Deputy Grand Marshal, both of these residing in Los Angeles; Mrs. Eva Boyd of Anaheim, Deputy District Grand Matron. Other visitors were T. E. Coate of Los Angeles and Mrs. West, Worthy Matron of Norfolk Chapter, O. E. S.

Exemplification of the full work of the chapter was made for the visitors, who were delighted with the excellent result. The Grand Matron congratulated Worthy Matron Mrs. Balderston of Hermosa Chapter and her corps of officers for the really beautiful exemplification. Impressive music accompanying the ritual work was rendered by a quartet composed of Mesdames Winbiger and W. L. Tubbs, Messrs. Woodford and Parker. Preceding the chapter session, a banquet was served in the spacious banquet room, nearly three hundred guests partaking of the appetizing repast. Acacia blossoms drooping in beauty from vases on the tables, while violets and their long stemmed leaves were scattered over the snowy linen. Lovely jonquils were used on the table at which the guests of the chapter and the officers of the local chapter were seated.

### Travelers' Clubs

The ladies of two travel sections of the Ebell Club met yesterday afternoon, Section Number One meeting at the home of Mrs. L. J. Carden on French street. A large number of the members were in attendance, and that portion of "All the Russias," the book being read by this section, relating to railroads between Russia and Persia, was studied.

During the meeting the ladies voted to have a theater party in the near future, planning to attend some good production in a body. Later Mrs. Carden served a two-course luncheon on small tables. A tiny suggestion of Washington's birthday was seen in the cherries that adorned the napkins used during the collation.

Travel Section Number Two was entertained at the home of Mrs. R. J. Thompson on Orange avenue. There was a large attendance and the study of England occupied the attention of the ladies. The conclusion of the study of the Island Empire was reached at yesterday's session.

The Woman's Missionary Society of the Congregational church, will meet Wednesday, Feb. 21, at 2:30 p. m. at the home of Mrs. Paul, 70 Surgeon street.

### HER FIRST BIRTHDAY

Small Canadian Girl Celebrates First Return of Natal Day in Santa Ana

Little Miss Florence Brownridge celebrated her first birthday yesterday at the home of her grandmother, Mrs. Susan Mullinix, on North Main street. While the tiny maiden scarcely realized the significance of the event, she undoubtedly had a very happy time with mother and grandmother and doing aunts, not to speak of her little cousins, all of whom joined in the joyous festivities of little games, a birthday dinner and the presentation of gifts.

Florence was born in Canada, but seems perfectly at home in America, so flags of both countries were used in decorations. Indeed one of the gifts that the little tot received was a miniature "Old Glory," and should it be preserved, will doubtless some day be one of her most precious possessions. The birthday party was from two to four o'clock, and when feast time came a special table was set for Mrs. Mullinix, Miss Florence and her two cousins, Misses Mildred and Margaret Whitson. The table was daintily decorated with white carnations and on the birthday cake shone one tiny candle to represent the short span of life the small guest of honor has enjoyed in this big world.

**Lecture Tonight**  
Rev. William T. Lawrence, of Boston, will deliver a lecture at the Unitarian church this evening at 7:30. Subject: "The Church, The Alliance, The Home and The Child." There will be no admission fee and no collection. Everybody welcome.

**Recital Tonight**  
Miss Ruth Deardorff's recital at the Gamut Club tonight, is attracting considerable attention in the Los Angeles papers, and will doubtless be much of a success in every particular. Her Santa Ana friends will be greatly interested in Miss Deardorff's musical success.

**Y.M.C.A. Basketball Games**  
The third of the series of basketball games being played by the Y. M. C. A. Bible Class League, will be played on the French Street grounds tonight at 7:30. Two games will be played, the first between the M. E. South and Congregational. The second between the U. P. and First M. E. No admission fee is charged and no collections will be taken. Come out and encourage the boys.

**Splendid Picture Drama**  
With the Holy City as the setting for a series of thrilling scenes, "Jerusalem Delivered," a motion picture drama of the early part of the 13th century was produced at the Grand Opera House last night under the management of Messrs. Hawkins and Jacobs.

Pictured in four acts of clear-cut views, Jerusalem Delivered, was like being carried back to the olden days. Back to the days when the followers of the Cross, wrested the holy sepulchre from the hands of their enemies, the Turks, to the days of fighting towers, and the old-time stone throwing machines.

The pictures last night were wonderfully clear and beautifully colored. And the drama presented was most interesting, especially so, to the Bible student, for every detail of the days of the Crusaders was given by actors and actresses of note.

The pictures opened with the camp of the Crusaders showing in detail, how war was planned and executed in those stirring times; then the Mohammedan outposts were shown, giving their methods of warfare. The views were taken in and about Jerusalem, and to add to the realism of the pictures, many of the relics of that period were secured for the views so that by witnessing the pictures last night one was given a clearer idea of what obstacles were overcome in the struggle the followers of the Cross had with the Turks.

The battle on the walls of Jerusalem and on the battlements before the Holy City, between the Crusaders and the Turks was a most marvelous piece of motion picture dramatization.

## CROOK POSING AS WALLACE

Some man in New Orleans has been making free with the name of John Wallace of Orange. A New Orleans dispatch states that a man who gives that name and Orange as his residence is under arrest there for eloping with a 17-year-old girl of Sulsum. Another dispatch states that the man in New Orleans is a piano salesman wanted at Portland, Ore., for robbing a woman of \$950.

Now comes John Wallace of Orange, who is employed in Santa Ana as a piano salesman, and says he is the only John Wallace of Orange that he has heard of. Certainly he cannot be the man in New Orleans, and no one would suspect him of robbery. He was at Portland engaged as a piano salesman eighteen months ago. Some crook has taken his name and is using it.

## BRANDT CASE IS NOW UNDER PROBE

Detective Says Brandt Was to be Sent Out of the Country, Not to Jail

NEW YORK, Feb. 20.—Special Commissioner Hand has begun the investigation of Foulke E. Brandt, former valet for Mortimer Schiff who got a prison sentence of thirty years for burglary of the Schiff mansion. He has already served five years. He claims he was railroaded to jail to save the women members of the Schiff family.

Yesterday John Rogers, the Pinkerton detective employed five years ago by Mortimer L. Schiff to aid in the prosecution of Foulke E. Brandt, the former Schiff valet who was given a prison sentence of thirty years for alleged burglary, told the grand jury that it was his understanding at the time of the arrest that Brandt was not to be sent to jail, but was to be given "a chunk of money" and sent out of the country.

He said Brandt's "confession" was just a "frame up" and he had thought Brandt also knew it was.

# The Northern Part of the County BUSINESS SITE IMPROVEMENT AT ANAHEIM SOLD ELECTION IS ON MARCH 2

Misses Rimpau Purchased  
Fine Property Corner for  
About \$12,000

ANAHEIM, Feb. 20.—A sale of a centrally located business site was completed last Friday, when the Misses Sophia and Marie Rimpau purchased the southeast corner of Los Angeles and Chatterbox streets, which is just one block north of the center of town. The purchase price is not given in the sale, but it is understood that the total was near \$12,000, or at about \$1500 a front foot in Los Angeles street.

## AN UNIFORM KEPT HIM OUT OF JAIL

ANAHEIM, Feb. 20.—A sailor's uniform saved a sailor from spending at least 48 hours in the local jail beginning on last Saturday night, when he was ordered out of a Spanish dance, where he had created a disturbance. Officer Borden who was called to attend to the matter, ordered him to leave, and threatened him with arrest in case he returned. Marshal Kellenberger said that Officer Borden might as well have taken him in, and held him at least 48 hours, but Borden supposed that the U. S. naval uniform made the sailor free from arrest.

**FULLERTON PLAYERS WIN  
IN BASKETBALL**  
FULLERTON, Feb. 20.—The Fullerton Y. M. C. A. defeated the Y. M. C. A. from Santa Ana last Friday night at basketball by the score of 33 to 11. This game was played on the local grounds, but on next Friday night a return game is to be played on the Santa Ana Y. M. C. A. grounds.

**Eagles' Meeting**  
ANAHEIM, Feb. 20.—The Anaheim aerie of Eagles, 947, held its weekly meeting last night, and enjoyed a visit from J. Robinson, president of the Santa Ana aerie, Walter Carey, John Lacy and others. A luncheon was served about 10:30 in the evening, after the initiation of new members. Everyone present last night had a splendid time.

Property on West Center Fullerton and Associate Districts are to Vote on High School Site Soon  
Street to be Bettered by Expenditure of \$3500

ANAHEIM, Feb. 20.—A \$3500 improvement is being made to the business buildings on West Center street owned by P. Yriarte, occupied by the moving picture show and the Ideal Cigar Store. The improvements consist of a two story addition at the rear of the present buildings. This will be 44 feet wide by 20 feet deep, and two stories high. The upper story will be occupied by the Arden Lodging House, which now occupies the other building. The picture show and pool room will use the lower additions. The improvements are being put in by A. Schindler & Son, and it is expected that they will be completed by the 15th of March.

**In Township Court**  
ANAHEIM, Feb. 20.—Three drunks were disposed of yesterday by Justice Howard of the township court by giving two old offenders ten days each. The other was let off with a \$5 fine.

## PUBLIC IS ASKED TO OBSERVE RULES

Orange News: Some trouble is being experienced at Hewes Park, particularly with small boys, who trample the grass and otherwise injure the appearance of the terraces and flower beds. Some of the youngsters make a practice of riding bicycles across the plots and parkings. Most of the trespassing occurs on Sundays.

## GREENEY TO QUIT REFORM SCHOOL ON MARCH FIRST

Los Angeles Examiner: J. P. Greeley, for seven years superintendent of the Whittier State School will, on March 1, retire from the post and be succeeded by H. E. Nelles, treasurer of the Los Angeles City Club and vice president of the Good Government organization. Mr. Greeley handed his resignation to Dr. Walter Lindley, president of the Board of Trustees, on the first of the year and Mr. Nelles was shortly afterward informally selected to fill the post, which carries a salary of \$3000 a year. He was elected to the position yesterday.

Dr. H. M. Robertson, Physician and Surgeon, Office Cor. Third and Main, opposite City Hall. Both Phones.

FULLERTON, Feb. 20.—The election in the Fullerton Union high school district which is to be held on March 2 to determine whether or not the proposed site for the new Polytechnic high school is to remain on the present Krug site or is to be removed to the Central tract, is not creating very much interest among the various sections concerned.

Last Wednesday night a meeting was held and it was the opinion of most of those present that the site should remain on the one chosen by the board. Little interest is shown in the other communities in the district outside of Fullerton.

This election was called as a sort of a compromise emanating from the injunction secured against the directors of the school district from erecting the school on the Krug site. Those opposed to the Krug site advocate the Central tract which is about five blocks from the center of Fullerton. They claim that the Krug site is too far out, and so is undesirable for a good many of the Fullerton children.

The bonds voted were for \$120,000, and the towns included in the district are Fullerton, Orange, Placentia, La Habra and Olinda. It is expected that the outside towns will vote against the proposed change in location. Since they use automobile service the location is immaterial.

## REALLY CURES BAD STOMACH

No Indigestion, Gas, Heartburn  
or Dyspepsia Five Minutes Later

If your meals don't fit comfortably, or you feel bloated after eating, and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas, which sours your entire meal—interferes with digestion and causes so many sufferers of Dyspepsia, Sick Headache, Bloating, Constipation, Griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapensin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that Fermentation and Sour Stomach is causing the misery of Indigestion.

No matter if you call your trouble Catarrh of the Stomach, Nervousness of Gastritis, or by any other name—always remember that a certain cure is waiting at any drug store the moment you decide to begin its use.

Pape's Diapensin will regulate any out-of-order Stomach within five minutes, and digest promptly, without any fuss or discomfort, all of any kind of food you eat.

### LOS ANGELES PRODUCE MARKET

Receipts of navel oranges were quite liberal, and although general trading was limited to the filling of without change. Commission dealers have cleaned up the major portion of damaged stocks and are accepting no lightweight or frostbitten fruits. Fancy lemons continued scarce, and the low level on this grade was advanced 25 cents per box. The outside range of quotations was held at \$31.50. Other citrus fruits remained notably unchanged, with supplies and demand balancing. Offerings had to be strictly the best to command top prices.

In the deciduous fruit market strawberries were the feature of the days business, moderate arrivals coming to hand and finding a steady outlet of fifteen baskets. The fruit was of quite attractive quality, being of good size and flavor. The receipts were all from local growers, of which considerable stock is finding its way to outside points.

There were no new features in the market for apples, prevailing prices ruling firm, and dealers just withdrawing enough stock from storage to keep the trade supplied. The top prices on the best stock were easily obtainable.

There was a marked increase in the receipts of asparagus from the Sacramento River district, and prices for offerings showed a marked decline. The prevailing price on the street yesterday was 25 cents for the best, while considerable stock sold at 20 cents per pound. Trading was good at the reduced rates, and the receipts were well cared for.

Rhubarb was in increased supply, and was offered in some instances below quoted prices.

Other green vegetables showed no material change, peas were wide ranged in price in accordance with the quality of stock offered.

Dried fruits were firm, with some outside demand, but little local trading. Nuts showed no change.

The egg market is going down rapidly. Retail buyers are only taking a case or so at a time, and as there is no satisfactory outlet for local stocks are accumulating. The general quotations on 'change yesterday were 25½ cents on candied selects, and case counts 21½ cents per dozen, a decline of ½ cent over Saturday. Pullet eggs were held at 18 cents. Receipts were 486 cases.

Butter was firm and unchanged. There was a good outlet for fine creamery stock, which moved out at full figures. Ladle butter was in good demand at 25 cents per pound. Arrivals were 43,793 pounds.

Potatoes were firm. Several changes were noted in this market. Highlands were advanced 25 cents per hundredweight, and the low level was fixed at \$2.

## AT THE COURT HOUSE

### SAYS MENDOSA KILLED HIM

Mexican on Witness Stand Declares That the Fight Was Over a Woman

Man Charged With Murder Springs a Surprise on the Witness Stand

That another hand, not his, slew Ysabel Hernandez at the Santa Fe section house, was the gist of the testimony of Lorenzo Martinez when he went on the stand today to testify in his own behalf. Martinez was charged with stabbing Hernandez, and the prosecution put on witnesses who declared they saw the affray.

Then came Martinez, put on by his attorney, A. J. Green of Los Angeles. Martinez declared that it was Ysabel Mendosa, a Corona Mexican, who killed Hernandez.

It seems that two or three years ago a woman known as Marguerite lived with Hernandez. She left him and went with Mendosa. On the night of the stabbing she and Mendosa were visiting Martinez and his wife here. According to Martinez's story, Hernandez came to the house and attempted to get the woman to go away with him. Mendosa replied that he would keep the woman, and

thus the fight started.

In the meantime Martinez says he had bought a bottle of brandy from Abran Gonzales, and in a quarrel over that Gonzales hit him on the nose. While he was on the ground, Mendosa and Hernandez and a third man came out of the house struggling, and Hernandez was stabbed by the jealous Mendosa.

The witnesses for the prosecution in the case of Lorenzo Martinez, charged with the murder of Ysabel Hernandez at the Santa Fe section house on East First street, have repeated the story of the fatal evening as they told it at the coroner's inquest, and at the preliminary examination. Abran Gonzales, Helano Gonzales and Ysidro Mendosa have told the story as follows, in brief:

They went to Martinez's house. Martinez went out and returned with a bottle of brandy. Hernandez slipped the bottle from his pocket. This angered Martinez, and a quarrel ensued. Just outside the door, Martinez stabbed Hernandez in the side, and Hernandez fell.

Martinez returned to the house, and when Officers Heard and Ryan appeared he jumped out of the window and ran, and was caught by Ryan.

## Laid Cornerstone of Orphans' Home in Los Angeles

Los Angeles Examiner: With impressive ceremonies in which many of the prominent delegates to the B'nai B'rith convention took an active part, the corner stone of the new orphans' home, being erected by the Jewish people of Los Angeles, was formally laid at Huntington Park yesterday afternoon. More than 1000 persons were present.

Notwithstanding that its cornerstone was not laid until yesterday, the main building of the orphans' home is rapidly nearing completion. The building and the site will cost about \$75,000, and supplementary cottages will be added from time to time as the number of inmates increases.

## IN THE JUSTICE'S COURT

### FOUGHT IT OUT BY AUTO LIGHT

Ramsey and Litten Settle Cash Difficulty With Officers on Trail

A fistcuff party by automobile lamp at the corner of First and Sullivan street last night got six young men into trouble. E. C. Ramsey and Ernest Litten were the participants in the fight, and the four men accused of having been parties to it by reason of their presence are G. W. Charles, T. L. Ahlf, Charles Bennett and C. M. Allen.

Constables Heard and Jackson got wise to the fact that the fight was on. They saw them hire Bennett's automobile, and saw them ride out west. The constables scurried around and got an automobile and followed.

Nothing certain of the location of the scene of battle, they lost a little time in locating it, and when the lights of their automobile were turned onto Sullivan street, the battle party jumped in the car, went south to Edinger street, and then back to town, with the officers close behind.

The information the officers have is that at the corner of First and Sullivan the automobile was stopped, and the fight begun in the light of the lamps.

Litten got the worst of the fracas, though Ramsey did not go unscathed.

Litten was unable to be present in court this morning. Ramsey was there and pleaded guilty to fighting. He said Litten owed him some money, and would not pay, and they agreed to fight it out.

The judge fined Ramsey \$15, which he paid.

A complaint charging the others with aiding in the disturbance will be prepared and sworn to today. Ahlf told Justice Cox he would plead not guilty as he did not know there was going to be a fight. The officers say that when Bennett comes into court he will take the ground that he had nothing to do with arranging the fight, that his automobile was engaged for rent and he drove where he was directed.

**Given Parole**

Sheriff Rudlock and District Attorney West and the parole commission of the county have given a parole to T. J. Donahue. Donahue was sentenced to ninety days on Jan. 2. He is the man who posted a sign threatening to blow up a packing house at Placentia. He had been drinking. In the parole order, Donahue is prohibited from drinking intoxicating liquor.

**STEPHENSON IS GUILTY SAYS MINORITY REPORT**

WASHINGTON, Feb. 19.—The minority report of the Senate elections committee investigation of the election of Senator Isaac Stephenson of Wisconsin, filed today, declares that Stephenson was not duly and legally elected. It is signed by Senators Jones of Washington, Clapp of Minnesota, Kenyon of Iowa, Kern of Indiana and Lee of Tennessee.

The recent majority report held that while Stephenson spent an unusually large amount in his campaign there was no evidence adduced showing that any had been spent illegally. In direct contrast, the minority report says the methods whereby Stephenson carried the primary election were "corrupt and violative of the fundamental principles of the American system of government."
